About Morguard North American Residential REIT

Delivering Stability, Driving Growth

The Strategic Vision of Morguard North American Residential REIT:

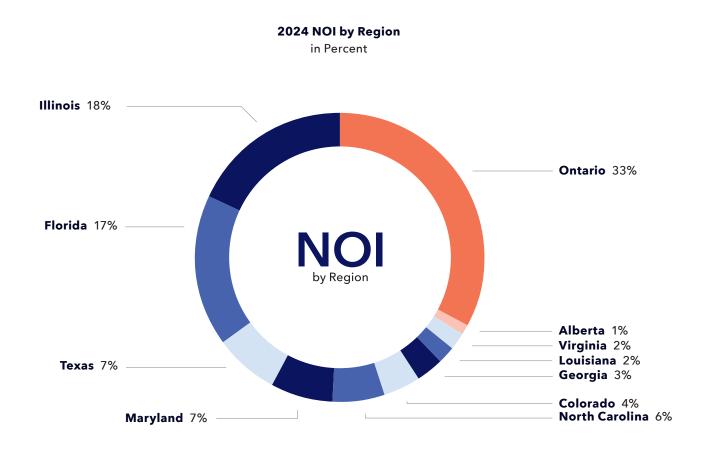

Morguard North American Residential REIT owns and operates a diverse portfolio of high-quality multi-suite residential properties across Canada and the United States.

Guided by a commitment to stability and growth, the REIT strategically invests in a range of property types and tenant profiles. This ensures consistent and growing cash distributions for unitholders through active asset and property management.

Over time, our success has been built on a dynamic approach to portfolio expansion and optimization, including targeted acquisitions, capital improvements and regional diversification. As a result, the REIT's total assets continue to increase, and as at December 31, 2024, are valued at \$4.6 billion. Since the REIT's initial public offering in 2012, the value of our assets has consistently increased, while our debt to gross book value has declined to a conservative 39.7%. Our strategy enhances portfolio quality, reflecting prudent choices that drive stable returns and long-term value for our investors.

The REIT's residential communities are strategically located in vibrant urban and suburban markets across Ontario, and key U.S. states such as Florida, Illinois, Maryland and Texas, among others. This geographic diversity provides resilience against localized economic shifts and capitalizes on strong rental and housing demand.

We prioritize connected, vibrant communities with sought-after amenities. These attributes foster strong tenant engagement and high occupancy rates, ensuring our properties remain desirable places to call home.

Leadership Perspective: Elevating Our Portfolio

K. Rai Sahi Chairman & CEO

Angela Sahi Executive Vice President and Trustee

As we reflect on 2024, we are proud to report our well-diversified assets delivered growing returns in 2024. By year-end, our total assets were \$4.6 billion, with net operating income (NOI) increasing 0.7% over 2023. These results underscore the strength of our strategy and our financial resilience.

Delivering Across All Key Performance Metrics

With our focus on strategic improvements and proactive asset management, revenue increased by 3.1% on a same property basis, while average monthly rent (AMR) climbed in both the U.S. and Canadian markets. Total revenue from real estate properties grew 3.8% to \$344.2 million.

Canadian and U.S. Portfolio Highlights

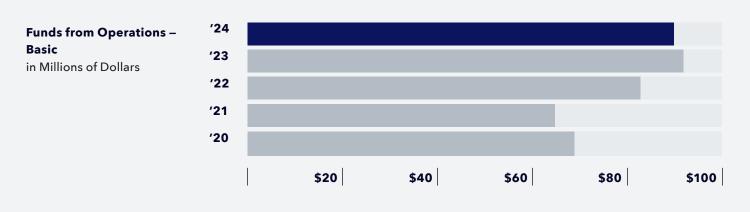

In Canada, AMR improved by 5.9% to \$1,772, underpinned by robust market demand and limited supply. Strong AMR uplift was a result of a combination of guideline increases (2.5%) and above-guideline increases at our Ontario properties, as well as strong rent rate growth on turnover (23%). In the U.S., AMR rose by 1.7% to US\$1,907. Coming off historic high AMR growth in past years, rent increases began to normalize across the portfolio. Occupancy rebounded as the year progressed, ending at 93.8% across the U.S. portfolio, balancing growth in rents with stable leasing activity and positioning the U.S. portfolio for more normalized AMR growth moving forward.

Strengthening Financial Performance

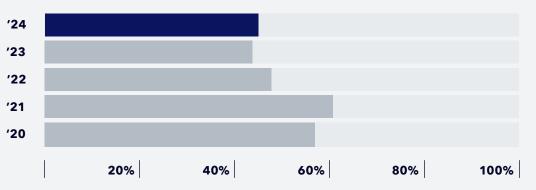

For the year, our funds from operations (FFO) translated to \$1.65 per unit, while maintaining a healthy payout ratio of 45.0%. In addition, unit repurchases under our normal course issuer bid (NCIB) strengthened net asset value.

Our FFO was \$89.9 million, following a record year of \$91.9 million in 2023. Lower FFO was due to a decrease in U.S. NOI and higher interest expense on the REIT's refinancing activities. That was partially offset by higher Canadian NOI and an increase in interest income.

7

Refinancing and Balance Sheet Stability

In 2024, the REIT refinanced five Canadian properties, securing \$178 million in additional net proceeds at a weighted average interest rate of 4.34% over a weighted average term of 9.7 years. We maintained a conservative indebtedness-to-gross book value ratio of 39.7%, strengthening our liquidity.

We concluded 2024 with \$241.5 million in available liquidity, comprising \$51.5 million in cash and \$190 million in revolving credit facilities. The REIT also has \$208.5 million in unencumbered assets that can be financed, positioning us to capitalize on future opportunities.

Enhancing Unitholder Value

During the year, the REIT repurchased 1,505,535 units for \$26.3 million under its NCIB program at a weighted average price of \$17.46 per unit, positively impacting net asset value.

In November 2024, we increased the cash distribution by \$0.02 per unit (2.70%), raising the annual distribution to \$0.76 per unit.

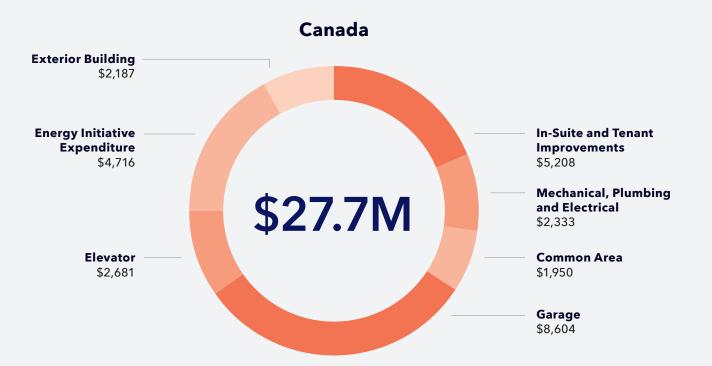

These initiatives reinforce our commitment to delivering stable, long-term value and reflect a prudent, forward-looking approach to capital deployment.

Lauderdale. 2940 Solano shows how investing in high-quality, well-located communities can deliver long-term value.

Capital Expenditures

Optimizing Asset Quality & Future Performance

In 2024, the REIT continued to strengthen its capital improvement program, investing \$59.4 million across Canada and the U.S. These initiatives – ranging from necessary repairs and replacements to energy-efficient upgrades – enhance property quality, elevate average monthly rents and support strong occupancy levels.

Our unwavering commitment to top-tier maintenance and proactive enhancements underscores the longevity of our high-quality assets. We remain focused on practical upgrades, cost-saving measures and sustainability. By doing so, we protect our investments, generate strong returns and reduce ongoing expenses. All of that ensures stable, long-term performance for our unitholders.

Steady Strategic Progress

Following last year's acquisitions – most notably Xavier in Chicago and The Fenestra at Rockville Town Square in Maryland – 2024 was a year of focusing on realizing the potential of these new properties. Across our portfolio, we concentrated on operational excellence, financial discipline and generating steady value. Together, these lay the groundwork for future growth.

In Canada, targeted property enhancements have already delivered strong returns on investment. Beyond boosting operational efficiency, these initiatives ensure our portfolio remains competitive and resilient. In the U.S., we continued leveraging best practices to enhance the tenant experience, increase occupancy, and build on our momentum. This measured approach of maximizing our assets positions us well to capture new opportunities and maintain long-term stability across our portfolio.

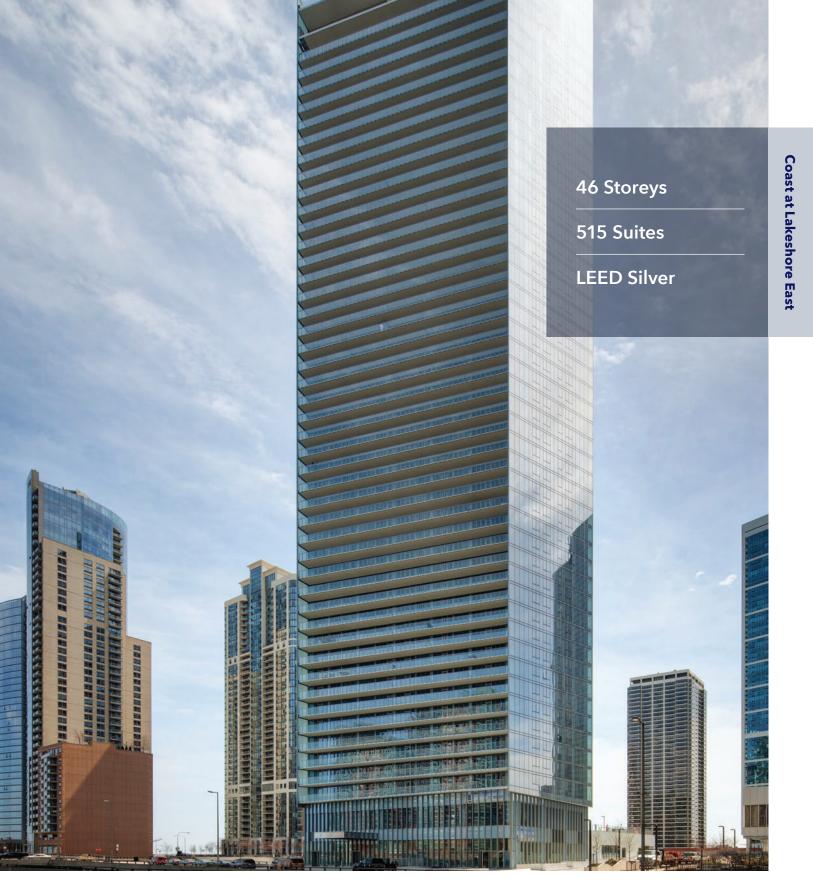

As we look to the future, the REIT will build upon our strong history and sound strategy by generating stable and growing cash distributions while improving the value of our assets through active asset and property management. And with a strong balance sheet, we're ready to deploy capital to fuel future growth and value.

We would like to express our sincere gratitude to our employees, communities, partners, trustees and unitholders for your continued confidence in and support of the REIT. We are proud of our relationship with Morguard and their 50-year legacy and will continue to build on our proven success to keep elevating our portfolio and grow long-term value for all our stakeholders.

Sincerely,

K. Rai Sahi Chairman & CEO

Angela Sahi Executive Vice President and Trustee

Reducing Our Footprint

By enhancing building efficiency and conserving resources, we can make a significant difference. Our efforts include:

- developing a decarbonization and net-zero roadmap;
- setting energy, water and waste reduction targets; and
- embracing sustainable design and construction practices.

All of this helps ensure that our real estate assets not only meet today's standards but also set the benchmark for tomorrow.

Engaging and Empowering Our Key Stakeholders

Managing Risks for a Sustainable Future

Our proactive risk management strategy safeguards our long-term success. We are integrating robust ESG governance, climate change risk assessments, rigorous health and safety standards, enhanced cybersecurity protocols and a responsible supply chain approach. Such priorities help to future-proof our assets against climate and ESG-related factors.

We'll continue to measure, monitor and report our sustainability efforts, setting the stage for enduring value and impact.

Our ESG commitment drives us to create sustainable communities, operate responsibly and deliver long-term value for our unitholders.

Harnessing Technology to Elevate Experiences and Our Operations

In the U.S., our communication platforms facilitate real-time interactions with residents, improving service delivery and fostering stronger relationships. We streamline our property management through advanced software, making for efficient resident feedback collection, secure payment monitoring and seamless document management. Using artificial intelligence for data analysis further boosts operational efficiency across our portfolio and helps us optimize expenses.

Our use of virtual tour technology offers an immersive property experience. This reinforces our commitment to innovation and to elevating experiences for current and prospective residents.
